Friday August 6. 630 pm MEDICINE BUDDHA

As confirmed by Western and Eastern research, the mind has a major role in healing. Effects of physical medicines can be complemented with spiritual practice. During this ceremony, the Tibetan monks connect you with *Menla* (Medicine Buddha) and strengthen your ability to receive benefits of the healing powers of all the Buddhas.

Each person's three doors (body, speech, and mind) are purified of negative imprints and blessed. You will be empowered to bless the medicines you take daily.

Saturday August 7. 7 pm SACRED MUSIC

Join us for a delightful evening of music. The Tibetan monks will sound and demonstrate the Tibetan oboe, cymbals, long horn used in ceremonies, short horn, and ritual drums. For a special treat, listen to their chanting in multiphonic tones. And at the end, each person receives an individual blessing.

\$20 suggested donation at the door for the monks' building improvements, and medical and living expenses in exile. Wares, including Tibetan Bowls will be sold at each event.

Also available: Private healings (\$ 75) and house blessings (\$ 350).

To set an appointment, call 480-813-5891 or 480-710-4355 after July 24.
